Program Information Line	
Sleeptimer (240 minutes)	
Smart clock / Wake up clock	
Analog clock	
FM stereo radio	

Measurements
Mains	220 - 240V, 50 Hz
Power consumption	63W
Net weight	11 kg
Gross weight	13 kg
Set dimension	420 x 390 x 380 (W x D x H)
Box dimension	498 x 481 x 486 (W x D x H)
Cabinet colour	Metallic Light Blue (60414)

Product Highlights

Black Hibri
Tv tube technology used for all Philips 14" tv's giving good colour reproduction on the smaller sets.

Contrast Plus
A special electronic circuit has been incorporated into this television to enhance the darker portions of the picture for added realism and improved picture quality.

Incredible Surround
Incredible surround widens the stereo sound signal to give the impression that sound is coming from all around you.

Smart Listening
This is the combination of Delta Volume and Automatic Volume Limiter.The former avoids undesirable changes in volume, caused by the different sound settings of different programmes.The latter avoids the rapid increase in volume which can happen in the case of different commercials

FM Radio & Melodies
A radio is included inside the TV, capable of stereo sound (in stereo TV's) and storage of up to 40 FM Radio stations. On screen naming of all these stations is also possible for easy navigation.This TV can wake you up at a programmed time using the TV, or the Radio or one of three melodies.

Plug & Play
Having connected the tv , it automatically searches for all channels and installs them.

10 Page Smart Text
Fast access to your own programmed favourite text pages.

Analogue Clock
The clock automatically resets itself to the correct time using the time from a teletext broadcast.

Lighted Feet
The feet of the tv illuminate to provide a nightlight.
